About FaithPLM

FaithPLM is an engineering solutions and product development company focusing on product lifecycle management solutions using **SIEMENS Teamcenter PLM**, run by a team of Multi-disciplinary Experts having in-depth expertise and experience in delivering cost effective quality solutions to customers across the globe.

We offer full range of PLM services from functional consulting, implementation, integration, data migration, upgrades, performance tuning, health check-up, supports, training and resources.

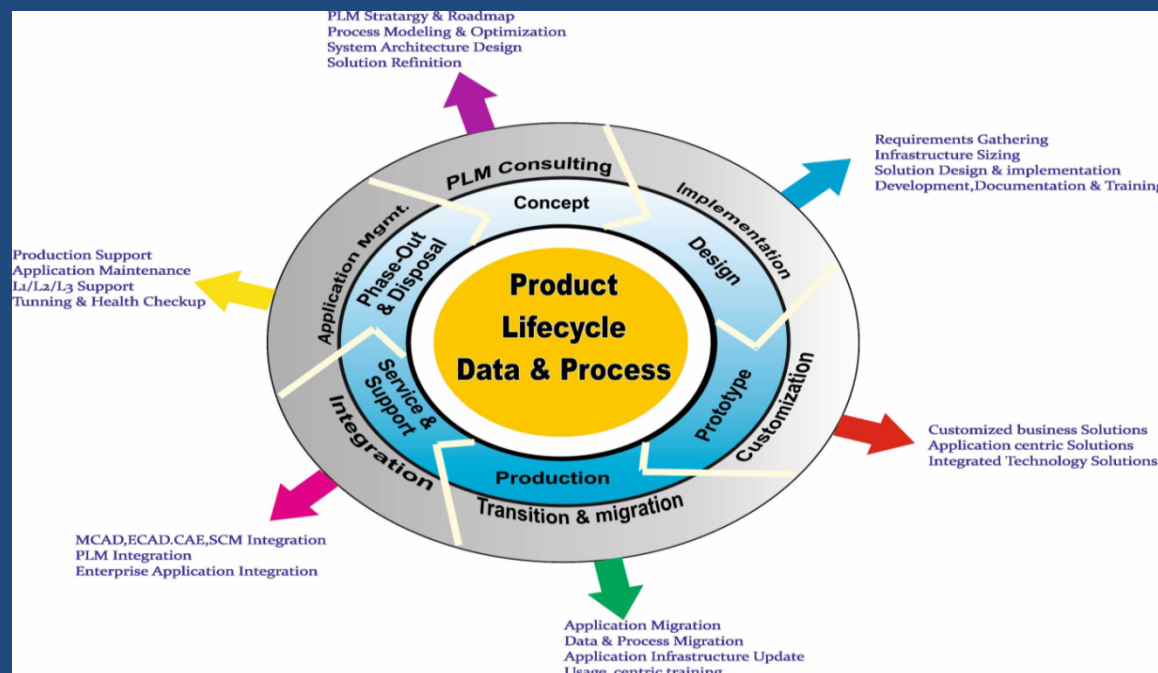

FaithPLM Solutions, Pune, India

End to End PLM Solutions

FaithPLM Solutions integrate the real potential of SIEMENS PLM suite of products into customer business with the help of in-depth industry domain knowledge and the unbeatable expertise and experience in the application of PLM to develop and deliver solutions to address customer business processes and data management challenges.

Our Offering :

Our Products

Dynamic Where Used: This tool helps companies to dynamically view the component assemblies usage report which helps to make right decision during substitute/alternate selection, component replacement in change management across the product variants.

Mobile Integrated Process Alert: This tool helps designer/manager to set late notification frequency and get the alert on regular interval on their mobile. This help to bring the information closer to user at right time which helps them to take corrective action.

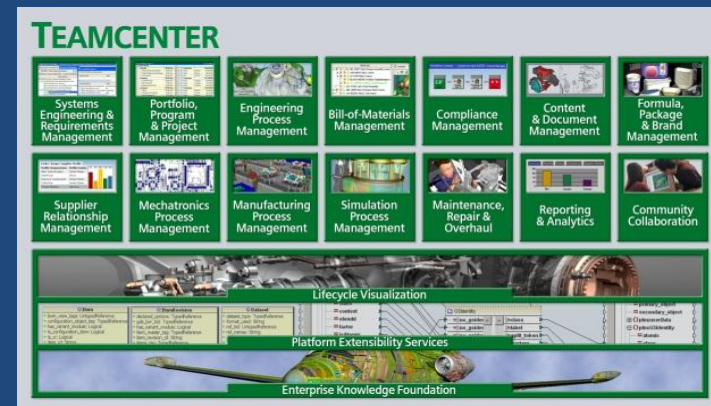

Intelligent Water Marking Tool: This tool helps to get ink marking done through workflow as per the customer requirement like logo, notes, custom info on pdf document.

Offering: Teamcenter Implementation

We employ best practices in implementing below solutions and ensure right value add to customer business

- End to End PLM Implementation
- Multi Site Collaboration
- Change Management
 - ❖ Engineering Change Management
 - ❖ Document Change Management
 - ❖ Process Change Management
- Project Management
- Vendor Management
- Community Integration Solution
- Teamcenter SAP Gateway
- Simulation Data Management

Teamcenter Implementation Continued...

➤ Engineering Data & Process Management

- ❖ Multi-CAD, E-CAD, M-CAD, CAE integrations

➤ Manufacturing Process & Planning

- ❖ Part Planning
- ❖ Assembly Process Planning
- ❖ Technomatics Integration
- ❖ Simatic IT Integration
- ❖ Ticon Integration

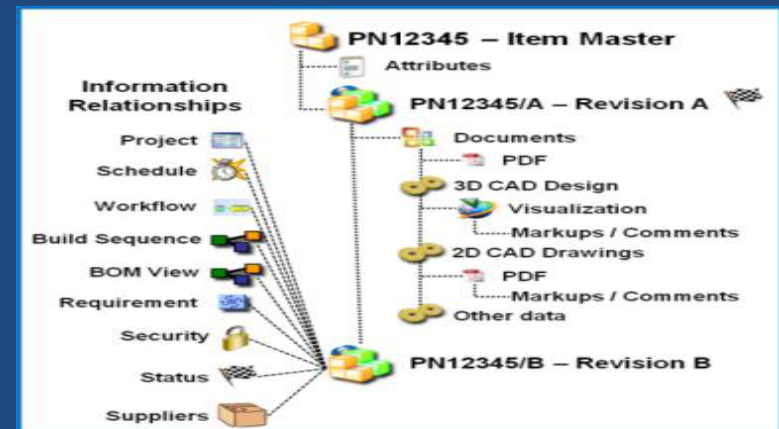

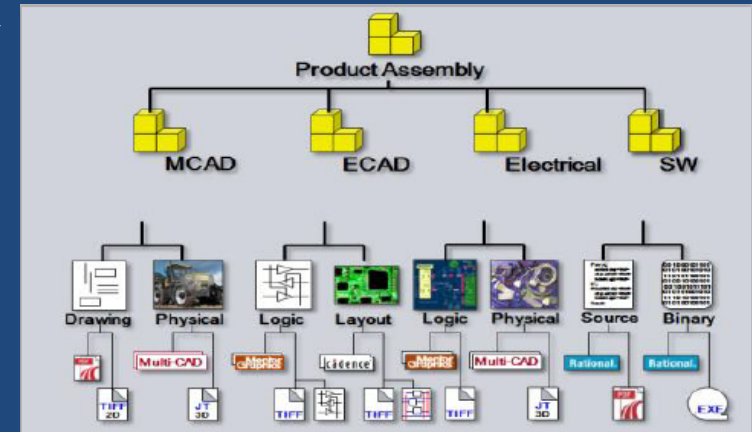

➤ Supplier Relationship Management

➤ Mechatronics Process Management

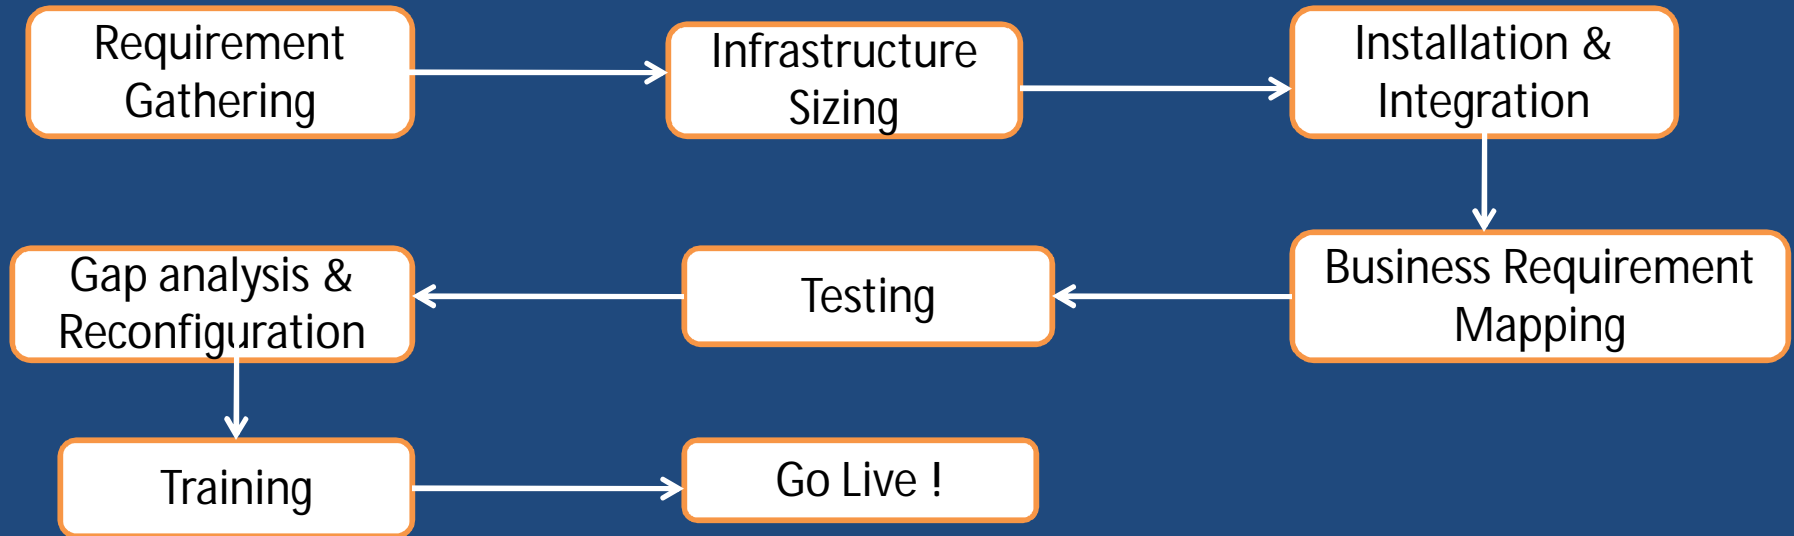

➤ Compliance Management

➤ SOA, TCCS and Web-services based Integrations

➤ Integration of Third Party application

Methodology of Implementation

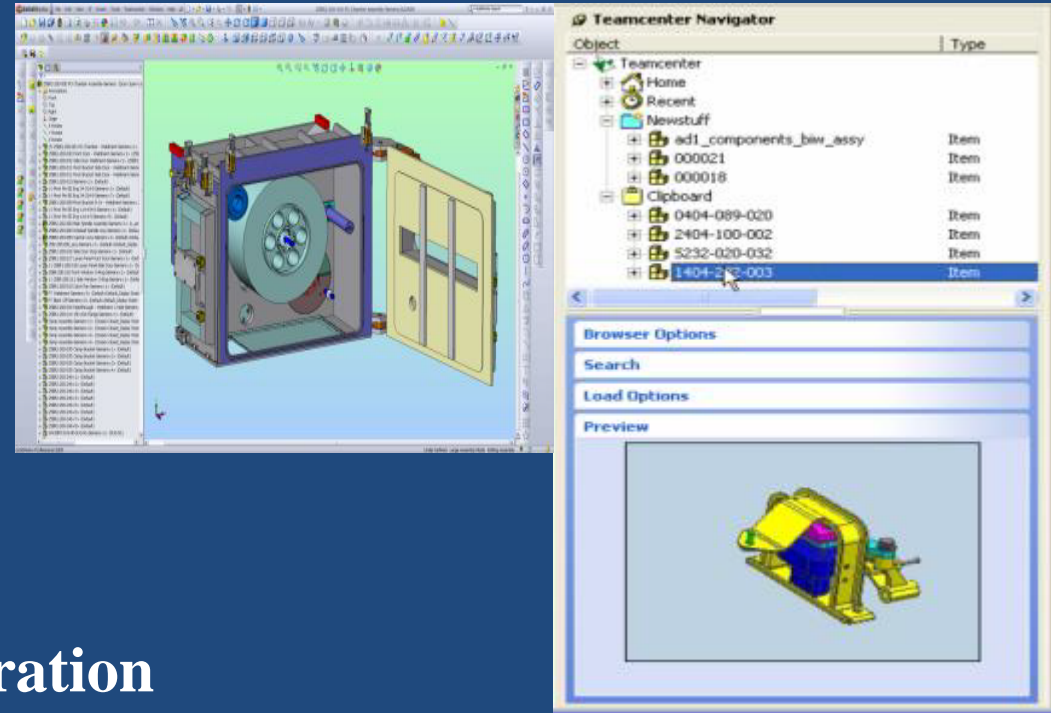

Our unique methodology ensures:

- PLM strategy based on customer business strategy
- Identification of priorities and sequences of potential PLM activities
- Include valuable, tangible project activities that have relatively short payback at earliest stages
- Sequence the project activities to allow later phases to leverage earlier ones

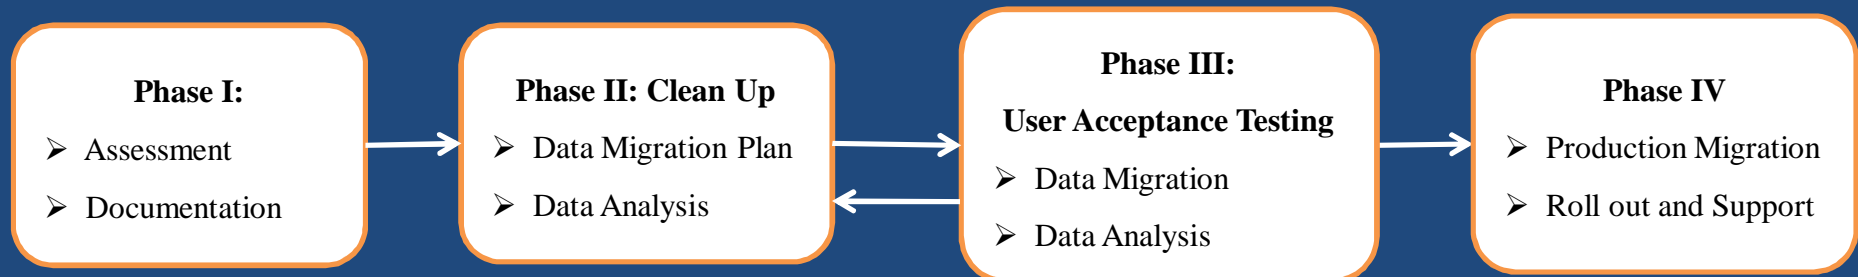

Teamcenter Implementation Continued...

- Legacy Data Migration
 - ❖ NX Data Migration
 - ❖ Pro-E Data Migration
 - ❖ IDEAS (TDM) Data Migration
 - ❖ CATIA Data Migration
 - ❖ Solid Edge Data Migration

➤ Methodology of Data Migration

Offering: Teamcenter Customization

We are expertise in possible/allowable Teamcenter product suite customization as below

➤ Client Side Customization

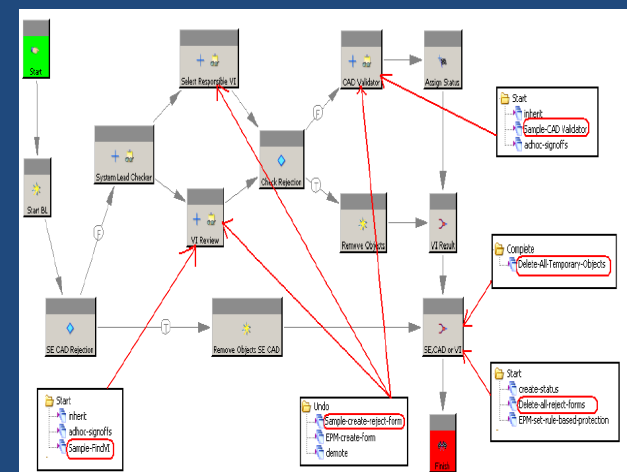

- ❖ Custom Menu/UI
- ❖ Performing Server operation from client
- ❖ Style sheet Customization
- ❖ Abstract Rendering and Java Beans
- ❖ Thin client customization

➤ Server Side Customization

- ❖ Workflow Handlers
- ❖ Property message Customization
- ❖ Type Message Customization
- ❖ Extensions
- ❖ PLMXML

➤ SOA Based Customization

- ❖ Creating New Service
- ❖ Using existing service
- ❖ Using WSDL

Teamcenter Customization Continued....

➤ Report Generation and Customization

Report Configuration:

- ❖ Summary Report
- ❖ Custom Report
- ❖ Item Report

Report Customization:

- ❖ Report Customization Using SOA and PLMXML
- ❖ Utility for Generating Report for Run Time Information from Teamcenter
- ❖ Generating Reports of Teamcenter Data from Third Party Application
- ❖ Custom UI to Generate Report
- ❖ Writing Style Sheet for Report Rendering

Methodology of Customization

Our Unique Methodology: With our proven mechanism we ensure blend of both codeless and code-full customization to reduce cost and ensure right solution with desired quality

Organizations are having unique product lifecycle management requirements and while addressing these requirements Teamcenter may call Customization.

BOM Line	Item Type	Quantity	Item Rev Status	Find No.	Material	Weight
000118/B;2-Main Assembly (view)	MM		BL			70.75
000115/A;2-SUB Assembly 1 (view) x 1	MM	1	BL	10	Aluminium	6.7
000120/A;2-PART 1	MM		BL	10	Steel	2.3
000121/A;2-PART 2 x 2	MM	2	BL	20	Plastic	4.4
000116/A;2-SUB Assembly 2 (view)	MM		BL	20	Aluminium	27.55
000174/A;2-SUB Assembly Level 2 (view) x 8	MM	8	BL	10	Aluminium	19.95
000175/A;2-PART 3 x 5	MM	5	BL	10	Iron	7.6
000176/A;2-PART 4 x 5	MM	5	BL	20	Iron	12.35
000175/A;2-PART 3 x 5	MM	5	BL	10	Iron	7.6
000117/A;2-SUB Assembly 3 (view)	MM		BL	30	Steel	10.4
000122/A;2-PART 5 x 2	MM	2	BL	10	Steel	6.2
000123/A;2-PART 6 x 2	MM	2	BL	20	Steel	4.2
000130/A;2-PART 7 x 2	MM	2	BL	40	Aluminium	1.6
000119/A;2-PART 8 x 1	MM	1	BL	50	Steel	0.1
000177/A;2-SUB Assembly 4 (view)	MM		BL	60	Steel	26.1
000178/A;2-SUB-ASM 1 (view)	MM		BL	10	Steel	17.6
000179/A;2-PART 9	MM		BL	10	Steel	9.1
000180/A;2-PART 10	MM		BL	20	Steel	8.5
000180/A;2-PART 10	MM		BL	20	Steel	8.5

Offering: Teamcenter Up-gradation

We offer end to end upgrade solutions for...

- Teamcenter Engineering to Teamcenter Unified
- Any Version of Teamcenter Unified to Latest Version of Teamcenter Unified
- Teamcenter Enterprise to Teamcenter Unified
- Teamcenter Express to Teamcenter Rapid Start (TCRS)

➤ Method for Up-gradation

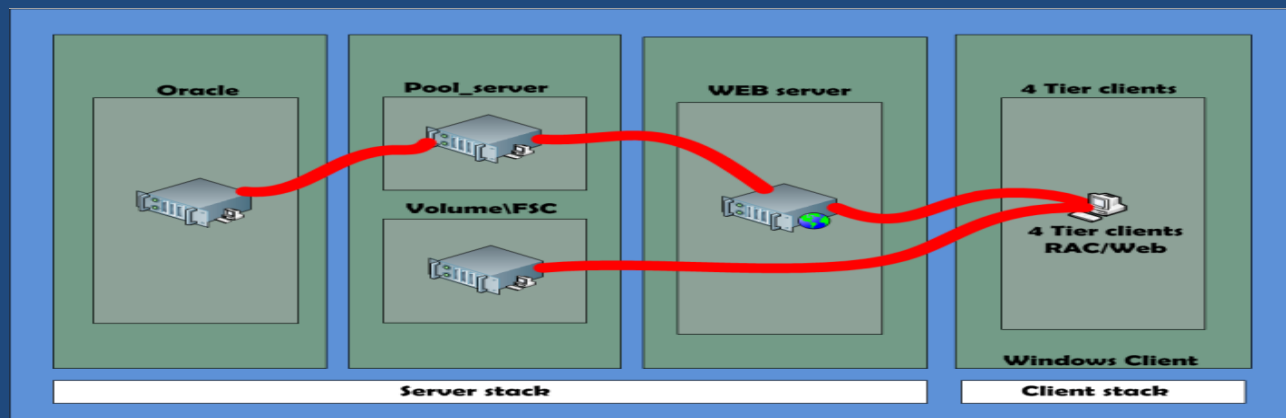

Offering: System Performance Tuning & Health Checkup

We are having in-depth understanding of various components involved in Teamcenter system infrastructure and their methodology to tune in context of optimum utilization and reliability of system.

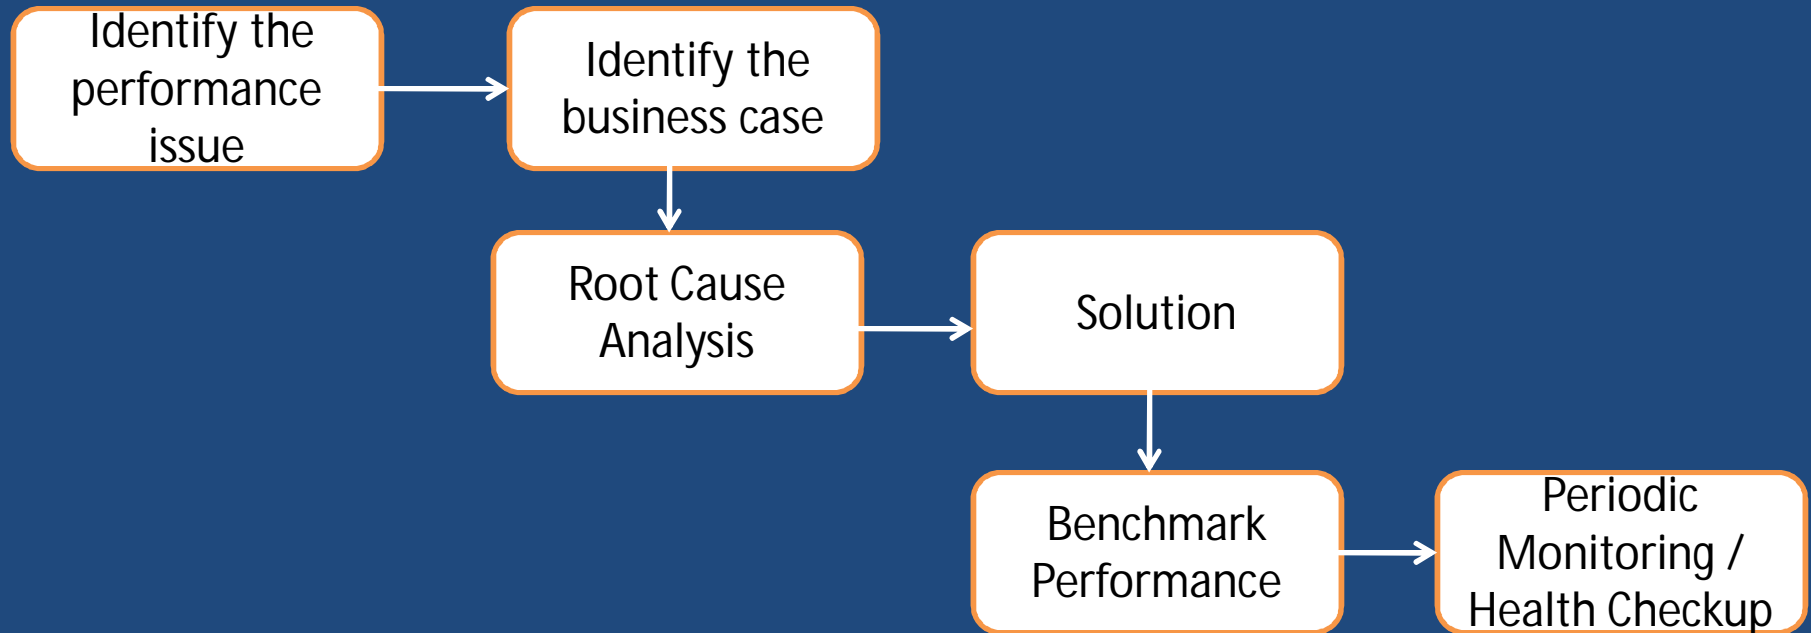

- Client Performance Tuning
- Server Performance Tuning
- Network Performance Tuning
- Database (Oracle, MS SQL) Performance Tuning
- Web Server Tuning

Methodology of Performance Tuning & Health Checkup

Our Unique Methodology: Ensures performance tuning at various component level in Teamcenter Infrastructure to ensure optimum performance!

Offering: Teamcenter Training

- **Customer Centric Training**
- **Customer Centric Training Documentation**
- **Module Centric Training**
 - ❖ Teamcenter Unified Architecture (User and Admin)
 - ❖ Teamcenter Manufacturing
 - ❖ Teamcenter Reporting and Analytics
 - ❖ Teamcenter Supplier Relationship Management
 - ❖ Teamcenter Project Management
 - ❖ Teamcenter Change Management
 - ❖ Teamcenter Classification
- **Teamcenter Customization**
 - ❖ Client Side Customization
 - ❖ Server Side Customization
 - ❖ SOA Based Customization

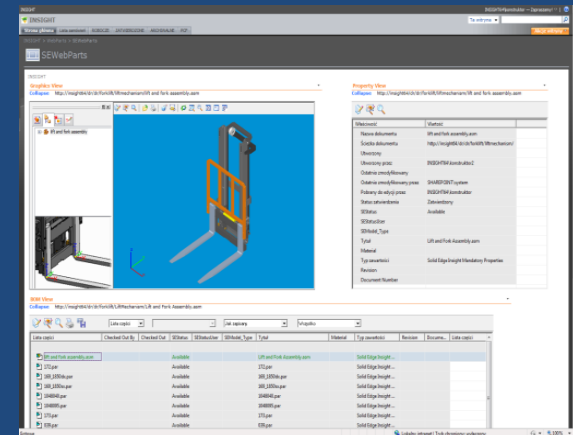

Offering: Insight PDM Implementation and Customization

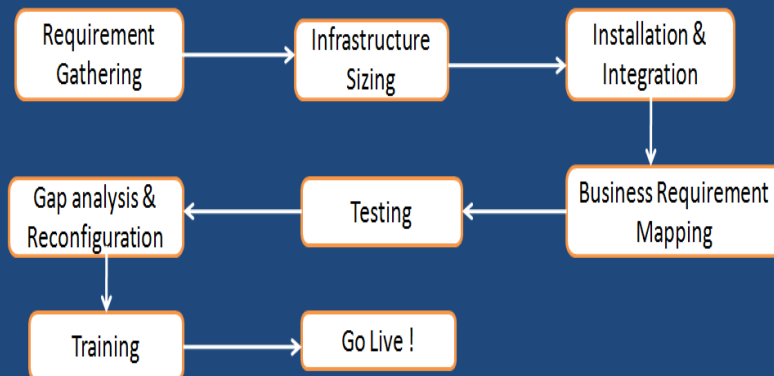

We offers wide range of solutions on Insight PDM

- Insight PDM Implementation
- Insight PDM Customization
- Insight PDM Maintenance and Support

Method for Implementation

Method for Customization

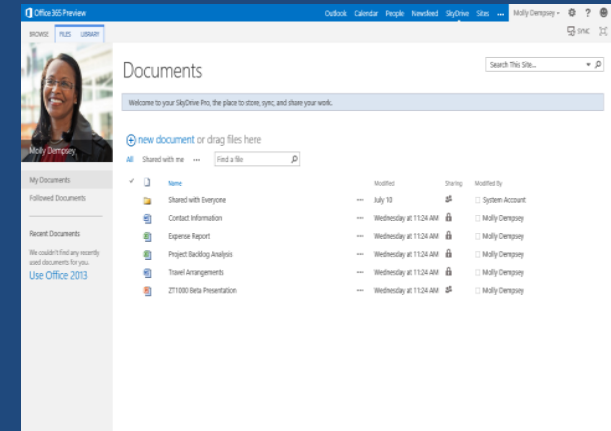

Offering: SharePoint Implementation and Customization

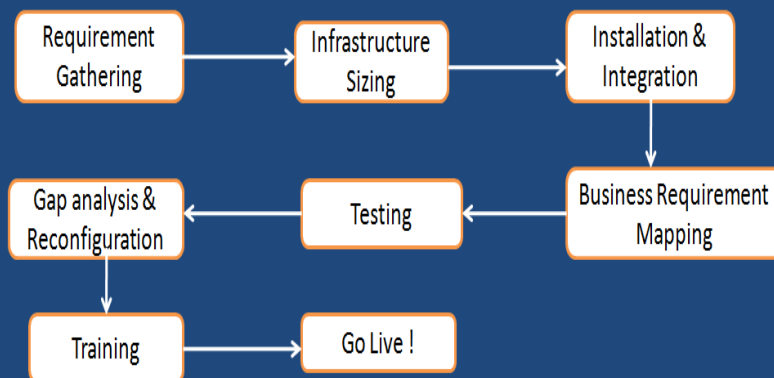

We offers wide range of solutions for Insight PDM

- SharePoint Implementation
- SharePoint Customization
- SharePoint Maintenance and Support
